

NOT PROTECTIVELY MARKED

Essex Police have been running a Caravan Watch scheme from Basildon Police Station for many years. This service is open to anyone living in Essex.

The benefits of registering with Caravan Watch are similar to those of Neighbourhood Watch. The scheme offers caravaners:

- Specifically tailored crime prevention advice
- Caravan registration with your unique identification which will assist in its recovery should it be stolen.
- Once registered, you will be supplied with a window sticker stating that your caravan is registered with Essex Police, acting as a deterrent to potential thieves.
- You will be contacted about any caravan thefts in your area, and given appropriate crime prevention advice to protect your caravan.

Caravan Watch is a free service and you can register all caravans regardless of its age,. If you would like to register your caravan with SDS Christine Chapman, please write to her c/o Basildon Police Station, Great Oaks, Basildon, SS14 1EJ or email her at [Christine.Chapman@essex.pnn.police.uk](mailto:Christine.Chapman@essex.pnn.police.uk).

She will need the following information:

- Your name, address and telephone number
- The make and model of your caravan
- The number of berths
- Whether single or double axle
- MOST IMPORTANT - the cris number. This is marked on all windows if bought after 1992 and the chassis frame.

When she has registered your information, she will send you a window sticker and crime prevention booklet.
